ALEX SMITH

GRADUATE OF THE SOUTHERN ALBERTA INSTITUTE OF TECHNOLOGY WITH A DIPLOMA IN INFORMATION SYSTEMS SECURITY

PROFILE

With a passion for people and a love for the security industry I hope to be a great addition to your team. To continue expanding the variety of my experience and knowledge in the pursuit of an Information Systems Security career, I intend to amass a variety of knowledge from each corner of the security industry. In these first steps out of post secondary school I hope to commit myself to a team that values space for education and growth. With the belief in my hard work, ingenuity, and moldability in a team environment I believe I would make a great addition to any workforce.

WORK EXPERIENCE

Telus - Koodo Mobile Crossiron Mills - Sales Representative (Part time - 2021-present)

- Being part of a collaborative effort to rank second place in Alberta for sales value.
- Primarily focusing on customer experiences and strategically creating sales opportunities.
- Working with diverse populations with limited tech experience, to make cellular technology understandable and enjoyable.
- Contrary to the popular sales technique I prioritize creating a nurturing and unique customer service relationship.

VOR - Pentesting Android Applications (Casual - July - August 2021)
Hired pentester for the B-Line android app

- First hand experience white-box pentesting the B-Line android app.
- Used social engineering to find usernames and passwords for app logins.
- Performed several known exploits concerned with character sanitization.
- Analyzed the android app's manifest file to expose severe issues

Telus - Public Mobile Marlborough Mall - Sales Representative (Part Time - February-September 2020)

Chasing Summer Festival - Bartender Associate (Casual - August 2019)

- Proserve certified

Volcom Market Mall - Sales Associate (Part Time June 2016-March 2019)

- Team Lead March 2019 - March 2019

Training:

- Educated in C++, Python, JavaScript
